# INFORMATION ABOUT THE VIRGINIA REGISTER OF REGULATIONS

## VIRGINIA REGISTER

The *Virginia Register* is an official state publication issued every other week throughout the year. Indexes are published quarterly, and the last index of the year is cumulative.

The *Virginia Register* has several functions. The full text of all regulations, both as proposed and as finally adopted or changed by amendment are required by law to be published in the *Virginia Register of Regulations*.

In addition, the *Virginia Register* is a source of other information about state government, including all Emergency Regulations issued by the Governor, and Executive Orders, the Virginia Tax Bulletin issued monthly by the Department of Taxation, and notices of all public hearings and open meetings of state agencies.

## ADOPTION, AMENDMENT, AND REPEAL OF REGULATIONS

An agency wishing to adopt, amend, or repeal regulations must first publish in the Virginia Register a notice of proposed action; a basis, purpose, impact and summary statement; a notice giving the public an opportunity to comment on the proposal, and the text of the proposed regulations.

Under the provisions of the Administrative Process Act, the Registrar has the right to publish a summary, rather than the full text, of a regulation which is considered to be too lengthy. In such case, the full text of the regulation will be available for public inspection at the office of the Registrar and at the office of the promulgating agency.

Following publication of the proposal in the *Virginia Register*, sixty days must elapse before the agency may take action on the proposal.

During this time, the Governor and the General Assembly will review the proposed regulations. The Governor will transmit his comments on the regulations to the Registrar and the agency and such comments will be published in the *Virginia Register*.

Upon receipt of the Governor's comment on a proposed regulation, the agency (i) may adopt the proposed regulation, if the Governor has no objection to the regulation; (ii) may modify and adopt the proposed regulation after considering and incorporating the Governor's suggestions, or (iii) may adopt the regulation without changes despite the Governor's recommendations for change.

The appropriate standing committee of each branch of the General Assembly may meet during the promulgation or final adoption process and file an objection with the *Virginia Registrar* and the promulgating agency. The objection will be published in the *Virginia Register*. Within twenty-one days after receipt by the agency of a legislative objection, the agency shall file a response with the Registrar, the objecting legislative Committee, and the Governor.

When final action is taken, the promulgating agency must again publish the text of the regulation, as adopted, highlighting and explaining any substantial changes in the final regulation. A thirty-day final adoption period will commence upon publication in the *Virginia Register*.

The Governor will review the final regulation during this time and if he objects, forward his objection to the Registrar and the agency. His objection will be published in the *Virginia Register*. If the Governor finds that changes made to the proposed regulation are substantial, he may suspend the regulatory process for thirty days and

require the agency to solicit additional public comment on the substantial changes.

A regulation becomes effective at the conclusion of this thirty-day final adoption period, or at any other later date specified by the promulgating agency, unless (i) a legislative objection has been filed, in which event the regulation, unless withdrawn, becomes effective on the date specified, which shall be after the expiration of the twenty-one day extension period; or (ii) the Governor exercises his authority to suspend the regulatory process for solicitation of additional public comment, in which event the regulation, unless withdrawn, becomes effective on the date specified which date shall be after the expiration of the period for which the Governor has suspended the regulatory process.

Proposed action on regulations may be withdrawn by the promulgating agency at any time before final action is taken.

## EMERGENCY REGULATIONS

If an agency determines that an emergency situation exists, it then requests the Governor to issue an emergency regulation. The emergency regulation becomes operative upon its adoption and filing with the Registrar of Regulations, unless a later date is specified. Emergency regulations are limited in time and cannot exceed a twelve-months duration. The emergency regulations will be published as quickly as possible in the *Virginia Register*.

During the time the emergency status is in effect, the agency may proceed with the adoption of permanent regulations through the usual procedures (See "Adoption, Amendment, and Repeal of Regulations," above). If the agency does not choose to adopt the regulations, the emergency status ends when the prescribed time limit expires.

## STATEMENT

The foregoing constitutes a generalized statement of the procedures to be followed. For specific statutory language, it is suggested that Article 2 of Chapter 1.1:1 (§§ 9-6.14:6 through 9-6.14:9) of the Code of Virginia be examined carefully.

### Citizen Participation in the Rule-Making Process

As required by the Administrative Process Act, each agency of the Commonwealth is required to develop, adopt and utilize public participation guidelines for soliciting the input of interested parties in the formation and development of its regulations.

Citizens may participate in the process by which administrative regulations are adopted, amended, or repealed by submitting data or views on proposed regulations either orally or in writing, to the proposing agency (see General Notices and Calendar of Events sections of the *Virginia Register*).

### How to Follow State Agency Regulatory Action in the Virginia Register

Under the provisions of the Administrative Process Act, state agencies must publish in the *Virginia Register* the full text of proposed rules and regulations, if substantive, as well as a summary statement.

In addition, the agency is required to provide a public comment period and hold a public hearing. A notice of hearing will be published sixty days prior to the hearing. Such notices are published in the CALENDAR OF EVENTS section of the *Virginia Register*. Proposed regulations and adopted regulations are published in separate sections of the *Virginia Register*.

All executive orders and comments on regulations issued by the Governor are published under the GOVERNOR section.

The CALENDAR OF EVENTS section not only contains the notices of public comment periods and hearings but also all notices of meetings required to be open under the provisions of the Freedom of Information Act.

### VIRGINIA DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES

**December 19, 1984 - 10 a.m.** – Public Hearing  
1100 Bank Street, Board Room 204, Washington Building,  
Richmond, Virginia

Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the Virginia Department of Agriculture and Consumer Services intends to adopt regulations entitled: **Declaration of Small Whorled Pogonia as an Endangered Plant Species.** These regulations list small whorled pogonia Isotria medeoloides, as an endangered species under the Endangered Plant and Insect Species Act, §§ 3.1-1020 through 3.1-1030 of the Code of Virginia.

### STATEMENT

The purpose of the proposed regulation is to declare the small whorled pogonia, Isotria medeoloides, an endangered plant pursuant to the Virginia Endangered Plant and Insect Species Act (§§ 3.1-1020 to 3.1-1030, of the Code of Virginia). This action is proposed to help protect small whorled pogonia from extinction in Virginia.

Small whorled pogonia is one of the rarest orchids in America. There are only approximately 1,000 plants known to exist in America among ten states from New England to Florida. Of the eleven known naturally occurring populations, two are in Virginia. If adopted, it would be unlawful for any person to dig, otherwise collect, remove, transport or sell small whorled pogonia, except as authorized by the Commissioner of the Virginia Department of Agriculture and Consumer Services.

Small whorled pogonia is also listed as an endangered species under the United States Endangered Species Act.
